National Environmental Education Strategy
ENEA2020
Institutional Cooperation

The Ministries of Education and the Environment converge efforts since 1996 for the development and monitoring of Environmental Education Projects.

- Promote and encourage EA.
- Include environmental knowledge and concepts.
- Support the implementation of school projects.
- Stimulate the creation of school networks.
- Stimulate the design of support materials.
- To promote the training of teachers.

a network of teachers with technical-pedagogical skills for the coordination and dynamization of Environmental NGO projects.
Establish a collaborative, strategic and cohesive commitment in the construction of environmental literacy in Portugal that, through an inclusive and visionary citizenship, leads to a change of civilizational paradigm, translated into sustainable models of conduct in all dimensions of human activity.
### Principles

- Educate Recognizing International Experience
- Educate Recognizing National Experience
- Educate for the empowerment of society for the environmental challenges
- Educating for Sustainability
- Educating for Intervening Citizenship
Thematic Axes

Thematic and transversal work capable of guaranteeing the national and international commitments assumed by Portugal in the Environmental field, of which the Paris Agreement and the Sustainable Development Objectives of Agenda 2030 stand out.
